

This map illustrates the Yakima River watershed, highlighting the distribution of the invasive species. The watershed is shown in light blue, with the river network in dark blue. The species' range is indicated by yellow shading, which follows the main stem of the Yakima River and its major tributaries, including the Teton River, Cle Elum River, and Wenatchee River. The map also shows the locations of major cities such as Wenatchee, Ellensburg, and Yakima, as well as the state boundaries between Washington, Oregon, and Idaho. A scale bar and a north arrow are provided for reference.
